

## Testimonials for Mr. Raj N. Wankawalla.

Director

The largest stakeholder in any hospital is Society. The interaction between those who are In need and those who provide solution is the best expression of economic, medical and humanitarian synergy.

The lions club of Juhu exemplifies this synergy very aptly. When Mr. Raj N. Wankawalla approached me with his sister Mrs. Amita Mehta to help refurbish our medical Oncology Ward. I was very happy not only for the support but the caring and compassion they exuded. The ward has had a face lift and is now receptive to every patient's need. The new environment would allow patients to complete treatment with peace and comfort. The lions club has performed an act that should be emulated by many to bring solace to those who are suffering.

- **Letter from Wadia Hospital**

It takes huge efforts on the part of any charitable organization to organize large-scale programs and Lions Club of Juhu is a great example for the same. It has been a privilege to learn more about Lions Club of Juhu and the initiatives they have successfully and sustainably accomplished over the many years of their service towards the development of our community.

Our first major project with Lions Club of Juhu is a therapy garden for the disadvantaged children; the therapy garden will include a recreational area, amphi theatre and play area as well. This is one of a kind initiative in a hospital setup in India and we are very excited about it. This project will help thousands of our children every year by providing them with a deserving opportunity to heal faster.

We are extremely happy that Lions Club of Juhu came forward to understand and support our cause. The club members are focused on the vision and their love for the community. I must say the various interactions with Lions Club of Juhu turned out to be very productive in a short span of time.

I also want to take this opportunity to thank Lion Raj Wankawalla, the president of Lions Club of Juhu and his entire team of amazing people for supporting our mission.

We look forward to strengthening our partnership with Lions Club of Juhu in our future endeavours as well.

Dr. Minnie Bodhanwala,  
CEO,
